SENATE CONCURRENT RESOLUTION NO. 3.

By Senator Meachum:

Senate Concurrent Resolution No. 3. Resolved by the Senate, the House of Representatives concurring, that Senate bill No. 2 be recalled from the Governor for further consideration, and that the Governor be requested to return said bill to the Senate, where said bill originated.

PEELER,

ASTIN,

TERRELL of McLennan,

MEACHUM.

The above resolution was read and adopted.

SIMPLE RESOLUTION.

By Senator Terrell of McLennan:

Whereas, On the 3rd day of August, 1911, this Senate adopted a resolution appointing an investigating committee, which was amended by further resolution adopted on the 11th day of August, 1911, and

Whereas, The Senate elected to serve on said committee Hon. Horace W. Vaughan, chairman; Hon. J. C. McNealus, Hon. E. H. Carter, Hon. Robert L. Warren, all of whom are prohibitionists, and H. B. Terrell, an anti-Statewide prohibitionist, and

Whereas, Said committee is now holding daily sessions and has subpoenaed a large number of the citizenship of Texas to be and appear before said committee, some of whom are appearing and testifying and others totally ignoring said summons and refusing to either appear or testify before said committee, and

Whereas, Said committee has accepted the legal services of Hon. Cullen F. Thomas and William E. Hawkins in said investigation, both of whom are Statewide prohibitionists, and

Whereas, The prohibition members of this Senate have failed and refused to allow the anti-prohibition members of the Senate to themselves name or place upon said Investigating Committee a lawyer from its members to assist in conducting said investigation, and

Whereas, The first four Senators named upon said committee are not friendly to or in accord with the policies of the present Democratic State administration and the Chief Executive thereof, and

Whereas, If said committee is legally constituted and has the legal powers to do and perform the things set out in said resolution, it is the sense of this body that in fairness and good faith to the people of Texas that said investigation be full and complete and the full facts developed as to all violations of the law, which can only be done by the compulsory attendance of such witnesses as may be desired by the committee and the proper punishment of all witnesses who fail to attend upon the sessions of said committee and testify relative to all legal matters about which they may be interrogated, and

Whereas, The said H. B. Terrell has requested the said committee to allow him to secure the services of Hon. Lud T. Williams, a reputable attorney of Waco, to assist in making said investigation before said committee and assist in bringing out ever alleged illegal or wrongful act mentioned and provided for in said resolution, all of which will be done at no cost or expense to the State, and

Whereas, The majority of said committee has declined to allow the said H. B. Terrell to secure the services of said attorney as hereinbefore set out, and has declined to permit said attorney to be secured to sit with said committee and examine witnesses; therefore, be it

Resolved by the Senate, That said Investigating Committee be requested and directed by this Senate to allow the said H. B. Terrell to secure the services of the said Hon. Lud T. Williams upon the terms herein provided, and that said attorney be permitted to appear before said committee as counsel, and to interrogate witnesses and to assist in developing all illegal or wrongful acts or things provided for in said resolutions with the same powers and authority conferred upon the other attorneys selected by the majority of the Investigating Committee.

Senator McNealus offered the following substitute for the resolution:

Senate, Aug. 16, 1911.

Resolved, That the name of Lud T. Williams be substituted for that of W. E. Hawkins as counsel for the Senate Investigating Committee, his services to be rendered at no expense to the State; the Committee, however, to be permitted to employ additional counsel at its discretion, which shall also serve without ex-

pense to the State. Mr. Williams, or any other counsel employed by the Senate Committee, to be subject to such restrictions in the examination of witnesses as the committee may deem proper.

Senator Cofer made the following motion in writing:

Motion in writing to refer: Whereas, by a resolution passed at a former day of this session of the Senate an investigating committee was constituted with its powers duly fixed; and

Whereas, A number of witnesses have contumaciously refused to answer questions propounded to them, a number refusing even to be sworn, and such witnesses are in contempt of said committee and deny its authority and jurisdiction and right to sit; and

Whereas, A large part of the anti-prohibition element are supporting said witnesses in their refusal to testify and in their denial of the right of said committee to act under the resolution constituting it, denying all power, jurisdiction and authority existing in said committee; and

Whereas, The Investigating Committee has made no recommendation to the Senate for additional counsel; and

Whereas, The demand in the resolution for counsel comes from an element of persons and witnesses who deny the jurisdiction and powers of said committee and its right to exist and who threaten to obstruct its process and its investigation; and the time remaining of the session is so short that it would be unwise to consume such valuable time in a wrangle over the powers of said committee, instead of continuing its proper labors and investigations;

Therefore, in consideration of the premises we move that the resolution offered by the Senator from McLennan and the substitute be referred to the special committee, known as the Senate Investigating Committee, for consideration of said committee and for report from such committee to the Senate.

COFER,
TERRELL of Wise.

Senator Murray made the point of order that the motion to refer the resolution and substitute to the special committee was not in conformity with the rules and that the

rules provided for the reference to a standing committee.

The Chair sustained the point of order.

Senator Vaughan offered the following amendment to the substitute:

Amend the substitute by adding thereto the following proviso:

Provided, said Hon. Lud Williams will undertake to bring before the committee those who have disobeyed its process and refused to come before it and refused to testify.

RECESS.

Pending discussion, upon motion of Senator Hudspeth, the Senate at 12:05 o'clock p. m., recessed until 2:30 o'clock p. m. today.

AFTER RECESS.

The Senate was called to order by Lieutenant Governor Davidson.

SIMPLE RESOLUTION.

Action recurred on the simple resolution and the substitute therefor, and the amendment to the substitute.

Pending discussion on the subjects before the Senate, Senator Cofer moved to renew his motion, made in writing during the morning session, to refer the resolution and the substitute to the special Investigation Committee.

The Chair held that he had already ruled on the motion and could not entertain the motion.

Senator Cofer appealed from the ruling of the Chair on that motion (see ruling in morning proceedings).

Senator Peeler was called to the Chair and presided pending the appeal.

Question—Shall the Chair, Lieutenant Governor Davidson, be sustained on the ruling relative to referring the resolution and the substitute therefor to the Investigating Committee?

MESSAGES FROM THE GOVERNOR.

The Chair here laid before the Senate the following messages from the Governor, the same having been received at different times during the day's session:

MESSAGES FROM THE GOVERNOR.

Executive Office,

Austin, Texas, August 16, 1911.

To the Texas Legislature:

In conformity with Section 40, Article 3, of the State Constitution, I submit to you the following additional subjects for legislation, to wit:

1. The apportionment of the State into congressional districts.

2. The passage of a concurrent resolution or a bill authorizing the correction of errors in the codified civil and criminal codes, and the codes of procedure.

I am accompanying this message with a list of errors which have been detected in copying Senate bills Nos. 287 and 288, passed by the Regular Session of the present Legislature. The Criminal Code and the Code of Procedure is printed and ready for binding as soon as the errors pointed out are authorized to be corrected.

3. The passage of an act amending Section 5, Article 172, of the General Laws of the State of Texas, passed by the Thirtieth Legislature at its Regular Session, approved April 24, 1907, providing for the sale of land situated on Mustang Island, so as to provide that the proceeds of such sale may be transferred to the permanent school fund and invested for its benefit.

There is something like \$23,000 in the State treasury derived from

the sale of lands on Mustang Island, which the State Treasurer does not feel authorized to transfer to the permanent public school fund. It is earning no interest, and is not available, under the law, for any other purpose.

Respectfully submitted,
O. B. COLQUITT,
Governor of Texas.

Executive Office,

Austin, Texas, Aug. 15, 1911.

To the Texas Legislature:

As provided by Section 40, Article 3, of the State Constitution, I present to you the following additional subject for legislation:

An amendment to the Feed Control and Pure Food Laws, which will consolidate the work and control of pure food and feed inspection under the Dairy and Pure Food Commissioner.

Under the law as it now exists, the Feed Control and inspection of feed stuffs for live stock is at College Station, and under the direction of the Superintendent of Experimental Stations, with an Assistant Director in charge of this work. Under the law all of the revenues from inspection and sale of tags for feed for live stock go to the Agricultural and Mechanical College. Recently I have had the books and accounts of the A. & M. College audited by a certified auditor, and I quote below in full the profit and loss account of this department as follows:

"PROFIT AND LOSS—JULY 31, 1909,
TO JUNE 30, 1911.

Receipts:	
Sales of tags.	\$151,256.12
Less Disbursements:	
Cost of tags.	\$13,599.87
Cost of analysis	15,876.50
Contingent expenses	1,181.81
Labor	2,475.01
Stationery and office supplies	1,125.24
Office furniture and fixtures	1,241.85
Postage	405.85
Salaries	22,548.32
Traveling expenses	12,875.75
Publication	1,017.80
	\$72,348.00
Surplus	\$78,908.12

The foregoing shows that in twenty-three months time the receipts have amounted to \$151,256.12, and the expenses to \$72,348.00, or nearly 50 per cent of all of the receipts was disbursed for expenses.

It is my opinion that there are a number of useless offices in connection with this department which can be abolished if the work is transferred to the supervision of the Pure Food Commissioner.

I call attention to the fact that the expenses of the Pure Food Commissioner's Department for the last two years altogether will not equal the salary list as shown above. These places are political in their nature, and really have no place in a college of education. Heretofore there have been as many as five traveling inspectors, one man in charge of the department at \$2,200.00 per year, an assistant at \$1,500.00 per year, and five inspectors at \$1,000.00 each per year. The services of the Superintendent and assistant and three of the traveling inspectors can be dispensed with, in my opinion, without detriment to the work if it is transferred and consolidated with the Pure Food Department.

I call the Legislature's attention to the fact that the Pure Food Commissioner is charged with the duty of analyzing and inspecting all foods, beverages and medicines used by our people, whereas the inspection done by the Feed Control at College Sta-

tion is limited to such feed stuff and mixtures as are prepared for live stock.

Among the duties of the Pure Food Commissioner, or his assistants, is the inspection of flour and meal, and the testing of the weights thereof to see that manufacturers do not short-weight customers. The same inspector who does this work for the Pure Food Commissioner, with a little extra time, could tag and inspect the wheat bran, corn chops, etc., which may be prepared by the same miller for feeding to live stock.

I am advised that Texas is the only State in the Union that maintains a divided department under this head.

As previously stated, all the revenues from the Feed Control now go to the Agricultural and Mechanical College, and can be used in the erection of dormitories, or the making of other necessary improvements. I am thoroughly convinced that if the Legislature will adopt my suggestion, and consolidate these two departments, that no injury can possibly follow to the Agricultural and Mechanical College, but on the contrary its revenues can be increased at least \$15,000.00 per annum, and probably \$20,000.00, and the money thus saved, which is now wasted in unnecessary salaries and expenses, will go a long ways toward building necessary dormitories, or the buying of needed appliances at the Agricultural and Mechanical College. I do not ask that the revenues from this source be diverted from the Agricultural and Mechanical College at all. I am concerned principally in this matter in the saving of money which the suggested change will bring about.

Respectfully submitted,
O. B. COLQUITT,
Governor of Texas.

Executive Office,
Austin, Texas, Aug. 16, 1911.
To the Texas Legislature:

In pursuance of provisions contained in Section 40, Article 3, of the State Constitution, I present for your consideration and enactment the following bill, said bill prescribes the number of hours constituting a legal day's labor, and fixing penalties for its violation with a proviso that nothing in said Act shall be construed to prohibit the right to contract for extra hours of labor for extra pay in cases of emergency:

An Act to prohibit any corporation, individual, partnership, contractor, superintendent, foreman, engineer or other person having the supervision of any work being by or for the State of Texas, or any subdivision thereof, or any municipality therein, from requiring any person, other than persons employed as watchmen engaged in such work to remain on duty more than eight hours in any consecutive twenty-four hours, except in certain cases of emergency, and excepting further those engaged in the performance of some official duty, and those doing work on public roads not under contract, State and county convicts; and providing a penalty for the violation of the law.

Be it enacted by the Legislature of the State of Texas:

Section 1. That it shall be unlawful for any corporation, individual, partnership, contractor, superintendent, foreman, engineer, or other person having the direction, supervision, charge, care, management or control of any public works undertaken by or for account, or on behalf and benefit of the State of Texas, or any subdivision thereof, or any municipal corporation within the State to require any person other than persons employed as watchmen engaged in, on or about such public works to work or remain on duty more than eight (8) hours in each consecutive twenty-four hours, except in case of necessity for safety of life and property occasioned by act of God or other causes beyond the control of persons in charge of such public works, provided nothing in this Act shall apply to State and county convicts while serving out their term of service in obedience to law. And excepting further, that this Act shall not apply to those employed in the performance of any duty of any office created by the Constitution and laws of the State of Texas, or by the charter of any city or municipality in said State, nor shall it apply to work done on the public road of any county where said work is not done by contract.

Sec. 2. That any corporation, individual, partnership, contractor, superintendent, foreman, engineer, or other person having the charge, care, management or control of any public work who shall violate the provisions of this Act shall be liable to a penalty not exceeding five hundred

(\$500) dollars for each and every violation thereof, and each day any employe is required to work more than eight hours in any one consecutive twenty-four hours shall constitute a separate offense, and the penalty for the violation of the provisions of this Act shall be recovered, and suit therefor shall be brought in the name of the State of Texas, in the county in which the work is being performed by either the Attorney General of the State of Texas, or the district or county attorney of the county in which said work is being done; provided, that nothing in this Act shall be construed to prohibit the right of contract for extra hours of labor for extra pay in cases of emergency.

The foregoing bill is an exact copy of House bill No. 98, passed at the Regular Session of the present Legislature and vetoed by the Governor on the ground that it did not contain a provision which allow the employment of laborers on public works over-time at extra pay in cases of emergency. The only addition to the bill as vetoed and contained in the foregoing being the addition of the following proviso at the end of Section 2:

"Provided, that nothing in this Act shall be construed to prohibit the right of contract for extra hours of labor for extra pay in cases of emergency."

The statutes on this subject in all the States—to which my attention has been called—contain a clause protecting the right of contract to work extra hours in cases of emergency, and any law passed on this subject in this State ought to make like provision.

Respectfully submitted,
O. B. COLQUITT,
Governor of Texas.
